

Hussain Mayoof

Computer Science Undergraduate Student

+973 37167220 | work@hussainmayoof.com | Bahrain | www.hussainmayoof.com

PROFESSIONAL OVERVIEW

Current student interested in web development and machine learning. Proficient in several languages and technologies. Able to work in a team environment and coordinate with others on coding projects.

WORK EXPERIENCE

GAME DEVELOPER INTERN | SKRA Studio, Bahrain JUL 2026 – AUG 2026

- Created two minigames (both 2D and 3D) in Unreal Engine 5 for the upcoming Sindbad game.
- Developed in a team environment using Diversion version control.
- Explored a wide range of game mechanics and game design fundamentals.
- Completed daily reports explaining my work in detail over the course of the internship.

IT ENGINEER INTERN | Schmidt Abrasive Blasting, Dhahran, Saudi Arabia FEB 2025 – FEB 2025

- Developed an official website for the Middle East branch of the company.
- Set up social media accounts for the company.
- Enhanced brand visibility and drove digital engagement.
- Leveraged UI/UX best practices and principles to create an intuitive and user-friendly experience.

WEB DEVELOPMENT INTERN | Script Solutions, Bahrain JUL 2023 – AUG 2023

- Built several full-stack web projects, including, a ticket management CRM system, a serverless notepad app that stores data in the browser's local storage, and a monthly budget calculator.
- Used Laravel for the backend and Angular for the frontend.
- This experience helped to launch me into the world of web development and allowed me to be able to explore many other languages and frameworks on my own.

EDUCATION

BSc (Hons) Computer Science | British University of Bahrain - Salford, Bahrain Expected Graduation: 2028

CERTIFICATIONS

Fullstack Open | University of Helsinki JAN 2026
